

Django Installation

Official website of Django

<https://www.djangoproject.com/>

Django overview (or Why are we using it in this module?)

<https://www.djangoproject.com/start/overview/>

To start, click “Get started with Django” on the main webpage or follow this link

<https://www.djangoproject.com/start/>

Download Django version 5.1.5

<https://www.djangoproject.com/download/>

After downloading, please install Django

<https://docs.djangoproject.com/en/5.1/intro/install/>

- Install Python 3.x
<https://docs.djangoproject.com/en/5.1/faq/install/#faq-python-version-support>
- Set up a database
<https://docs.djangoproject.com/en/5.1/topics/install/#database-installation>
- Install Django
<https://docs.djangoproject.com/en/5.1/topics/install/#installing-official-release>
- Verify Django version, must be 5.1

Django documentation

<https://docs.djangoproject.com/en/5.1/>

Have fun!
